Having spent 13 years as a professional basketball player. I've learned the true meaning of hard work, dedication, and teamwork. These values have seamlessly transitioned into my newfound passion for coding, where I bring the same level of intensity and commitment to crafting elegant solutions in the digital space.

Experience

AUG '11 - PRESENT

Professional Basketball Player | FIBA

- Played professionally in 10 different countries across 4 continents, demonstrating adaptability, teamwork, and leadership skills.
- Excelled in high-pressure environments, consistently achieving peak performance and contributing to team success.
- Cultivated strong communication and interpersonal skills through interactions with teammates, coaches, and fans from diverse cultural backgrounds.
- Created an atmosphere of motivation within the team by providing encouragement both on and off the court.

Education

FEB '24

Full-Stack Developer Certificate

Coding Dojo

MAY '11
